NEW CHURCH ROAD SYNAGOGUE
CONDITIONS OF ENTRY (MARCH 2026)

The Conditions of Entry to Brighton & Hove Hebrew Congregation Synagogue at 29a New Church Road outlines the conditions under which visits to the synagogue may take place. This policy refers to visits taking place outside of regular service times (which includes Yom Tovim and scheduled openings). Failure to comply with the Conditions of Entry may result in disciplinary actions being pursued.

1. The synagogue at 29a New Church Road is part of the complex of buildings on the site at 29-31 New Church Road, Hove. This synagogue is the property of Brighton & Hove Hebrew Congregation which is the only organisation that can authorise or approve entry to its premises. There is no other individual or organisation which is authorised to grant access to the BHHC synagogue at 29a New Church Road.
2. Requests for permission to enter the synagogue from visitors or non-BHHC members should be made in the first instance to the BHHC liaison officer (liaison@bhhc-shul.org) who will forward the details of the visit to the BHHC Chairman and the Rabbi. A decision will then be made as to whether the site entry is approved, or not, and if so under what conditions.
3. In the interest of security, and to comply with insurance, the identity of every visitor wishing to enter the synagogue must be provided to the BHHC liaison officer at least 7 working days before the date of the visit for up to 20 people. For visits above 20 people this should be 10 working days prior to the proposed entry taking place. You should allow sufficient time to receive approval.
4. A representative of BHHC will meet you outside the synagogue and enable you to enter the synagogue. This representative will remain with you throughout the duration of your visit to the New Church Road synagogue.
5. No photography or filming is allowed inside the BHHC synagogue unless written permission has been sought from and provided by the BHHC liaison officer.
6. BHHC reserves the right to withdraw permission previously granted if it is discovered that conditions have not been or are not being complied with.
7. This policy may not apply to residents of the flats at New Church Road, individuals using the short-term lets, or guests visiting the restaurant who intend to visit the synagogue for Shabbat, Yom Tov, or festival services. In the instance of individuals who are guests, residents or short-term lessees wishing to view the synagogue outside of service times, they should obtain written permission directly from Rabbi Rader by email. In the event of requiring access to the synagogue for personal prayer, requests for permission should be obtained directly from the Rabbi (rabbibhhc@googlemail.com)
